**Subject:** Smoking Ordinance

Good afternoon Scott

I appreciate and follow all your weekly newsletters.

Please allow me to comment on the new smoking ordinance for multi-unit structures to go into effect in the new year. Would the City Council please consider an addition to include smoke generated by BBQ grills that are neither electric nor gas? This is also a source of noxious fumes generated by the burning of charcoal or wood and often lit by carcinogenic chemicals.

Please share with the Mayor and Council Members.

Thank you for your consideration.

Sincerely

Mary-Anne Monck

How ridiculous that you think you can prevent people from doing what they want in their own home. It's truly sickening. I think all of ya all should go live in Russia.
